

# DRAGON RACING

Hello Dragon Friends,

As the scorching summer months draw to a close, we're thrilled to usher in a new racing season in the Middle East this September. Get ready for an inspiring winter season filled with adrenaline-pumping events and extraordinary motorsport experiences, both on and off the track. Here's what to look forward to this season:

**Curbstone UAE Powered by DR88 Testing Events:** Curbstone Events, a leading name in premium European track driving, is reaffirming its partnership with Dragon Racing, the UAE's top motorsport service provider. The collaboration—operating as Curbstone UAE powered by DR88—continues to set the standard for curated, non-competitive driving experiences in the region.

**Passione Ferrari Club Challenge:** Season six is here, with five double-day events across the Middle East between November and April, welcoming clients with both the Ferrari 488 Challenge Evo and the new Ferrari 296 Challenge.

**Ferrari Racing Days:** Mark your calendar for an exhilarating weekend in Doha at the Lusail International Circuit in early February. It will feature Ferrari Challenge Races, Club Challenge, FXX/F1 activities, and Passione Ferrari festivities.

**Gulf Procar Racing Season:** The regular format continues on Saturdays, featuring two sprint races. The format is open to nearly any GT/TC race car, with designated classes for Ferrari Challenge and GT3 cars.

**Endurance Races Return:** The Asian Le Mans Series, Gulf12H (now with a Pro-Am focus), Dubai 24H, and Abu Dhabi 6H at Yas Marina are all back. You can test and race our Ferrari 296 GT3 cars during these premier Middle East events.

Dragon also offers a selection of cars for arrive-and-drive hire: Ferrari 488 Challenge Evo, Ferrari 296 Challenge, Ferrari 296 GT3. As always, we will continue to provide storage, servicing, and support for customer-owned race cars, ranging from testing to international racing. Keep an eye on our social media channels and website for the latest updates and detailed schedules.

See you at the track!

## FERRARI CHALLENGE WINTER SERIES

Continuing from the success of the 2023 and 2024 events, the Ferrari Challenge Middle East will be back in 2026 at a new venue. Supporting the Ferrari Racing Days weekend, this series will head to the famous Lusail International Circuit, Doha for an exhilarating racing festival in February 2025. There will be two races across the weekend, with drivers split into the Pirelli or Shell class. This promises to be an excellent race event for Ferrariista where the Corse Clienti FXX and F1 programmes will also join.

**LUSAIL, QATAR** 5 - 8 Feb 26

## UAE PROCAR RACING

Entering its third season under management by GulfSport Racing, the Gulf ProCar series is designed for GT3, GT4, TCR, Renault Clio, Toyota GT86, and other classes of GT, Touring, Saloon, and Prototype race cars. This series provides an easy entry point into competitive motorsport, allowing our clients to test and race their cars in a dynamic and accessible environment.

## UAE ENDURANCE RACING

Dragon Racing continues to expand our GT testing and racing activities in the region. Our commitment to endurance racing is exemplified through our participation in premier events such as the Gulf 12 Hours, the Abu Dhabi 6 Hours, the Dubai 24 Hours, and the Asia Le Mans Series. These races test the limits of performance and endurance, showcasing our capabilities on some of the world's most challenging circuits.

With our comprehensive bespoke programme and carefully selected staff, you have the best opportunity to be at the front of the grid in this splendid series. Our base at Dubai Autodrome offers bespoke hospitality experiences exclusively available to our drivers. As the regional Ferrari Technical Partner, we are ideally positioned to provide you with a competitive package.

With limited availability, Dragon Racing invites interested parties to contact us promptly to secure their place in this exciting new adventure. Don't miss the chance to be part of the action as Dragon Racing aims for victory with the Ferrari 296 GT3!
